## LOCKNET

## LockNet Enterprise App Trust Procedure (For IOS 9.2)

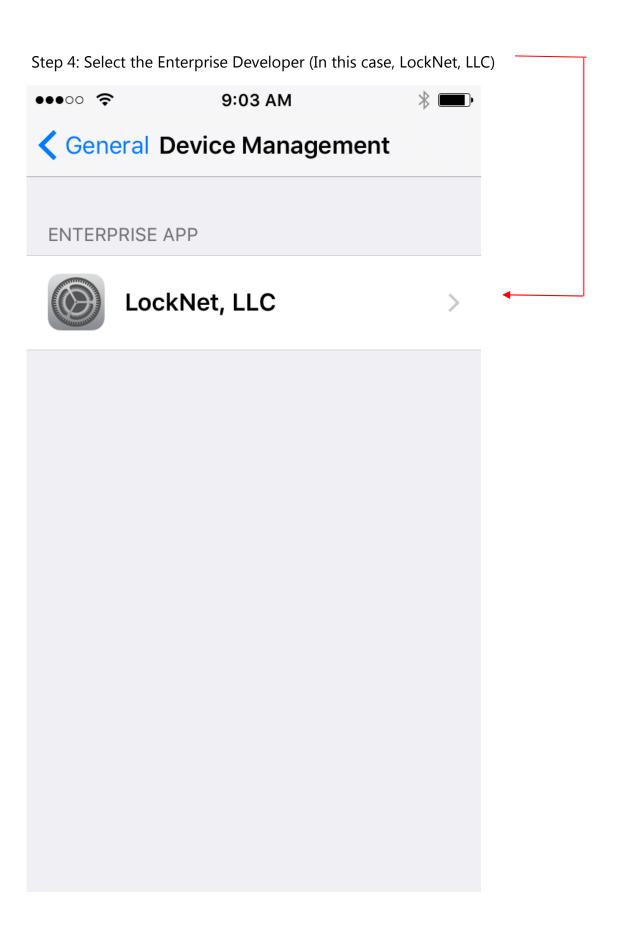

Beginning with IOS 9.0, Apple altered the method in which an enterprise app developer could be trusted. In order to allow an enterprise app to be trusted in IOS 9.2, please perform the following steps.

Step 1: Go into Settings:

Step 3: Select Device Management	
●●●○○ 奈 9:03 AM	* 💼
<b>Settings</b> General	
Date & Time	>
Keyboard	>
Language & Region	>
iTunes Wi-Fi Sync	>
VPN Not Connecte	ed >
Device Management LockNet, LL	.C > ←
Regulatory	>
Reset	>

Step 4: Select Trust "LockNet, LLC"			
•••00		* 💷 •	
		F	
K Bac	ck LockNet, LLC		
Apps from developer "iPhone Distribution: LockNet, LLC" are not trusted on this iPhone			
and w	ill not run until the develop	er is trusted.	
Trust "LockNet, LLC"			
APPS	FROM DEVELOPER "IPHON	NF	
	BUTION: LOCKNET, LLC"	-	
	LockNetTechApp	Verified	
Contract of		vermed	
N	LN Warehouse	Verified	

The LockNet app will now be trusted.
